OHIO REPBULICAN BY FAIR MAJORITY

JOINT ASSEMBLY IS SAFE FOR HANNA.

Gov Bushnell's Plurality—The Figures Indicate That It Will Amount to Nearly Twenty-seven Thousand Votes—Latest Reports as to the Result in Iowa.

Columbus, Ohio, Nov. 4.—A careful revision of the estimates received at the two headquarters from county chairmen gives the state ticket to the Republicans by 26,520, makes the senate close and gives the house to the Republicans by a majority of 7. The house will stand 58 Republicans and 51 Democrats and the senate 17 to 19.

All estimates place the fusion senators elected in Hamilton county on the Democratic or anti-Hanna list, but Capt. W. W. Peabody telephoned Republican headquarters from Cincinnati that Senators-Elect Voight and Harper, who have always been Republicans, will vote for Mr. Hanna and with the Republicans on all party questions.

The friends of Mr. Hanna were much disconcerted over a report that some of the members-elect will not vote for the return of the Cleveland man. It was said that Representative Redkey of Highland county, the early home of Senator Foraker, had positively asserted that he would not vote for Mr. Hanna and that Representative Snider of Greene had pledged himself to his constituency to the same effect. The whips of the party may have some work in January.

An analysis of the unofficial vote by counties indicates the fact that the anti-Hanna sentiment was not confined to the Democrats. In more than one county Foraker adherents worked openly for the Democratic legislative ticket. The ultra-Foraker men wanted Hanna beaten and Bushnell elected, and much trading was done in the pursuit of the result.

Gov. Bushnell carried the state two years ago by 92,000; this year by only 26,520, the figure to which the McKinley majority of 51,000 last fall has been cut. The figures show that the bitter personal fight has told.

IOWA ALL REPUBLICAN.

Shaw Men Claim Over 30,000—Silver Gains in the Legislature.

Des Moines, Iowa, Nov. 4.—Practically completed returns from all the counties in the state show that the Republicans have carried the day, but the pluralities in nearly every case are much reduced. Chairman McMillan of the Republican state committee has complete returns from ninety-four counties and has estimated returns from the five remaining counties. By this means he has figured a plurality for Shaw, Republican, of about 31,782. The plurality may be set down as above 28,000 and below 32,000. Chairman Walsh of the Democratic state committee thinks that errors in the returns may reduce the plurality for Shaw to 20,000. The Republican plurality last year was 65,522, according to Republican estimates; it is, therefore, just about cut in two. Two years ago it was 59,000 for Drake for governor. Then the Populists had a separate ticket. If the Populist vote be subtracted the Republicans would have a larger plurality this year than two years ago.

The vote for Leland, prohibitionist candidate for governor, will be about 8,000; Cliggett, gold Democrat, about 6,000 and Lloyd, People's party, 4,000.

As the present returns indicate, there will be sixty-two Republicans in the house and thirty-nine in the senate. The Democrats will have thirty-eight in the house and eleven in the senate. This gives the silver party a gain of eighteen votes in the house and five in the senate.

REPUBLICANS CLAIM MARYLAND.

Very Close Result in Vote for Members of the Legislature.

Baltimore, Md., Nov. 4.—State Senator Norman B. Scott, chairman of the Republican state central committee, has made the following statement concerning the legislative situation:

"It does not avail now to do any claiming that will not be substantiated by the returns. We have sixteen senators to nine Democratic and one doubtful—the one from Calvert—although I am assured that both the Republican senator and member of the house were elected there. Of the sixteen senators nine are hold-overs.

"In the house there are ninety-one members. It takes forty-six of these to organize the house. I can show that we have a majority of one in the house, and either seven or nine on joint ballot. I must confess that the majority is a little too close for comfort, but such a small working majority has some benefits, for it always results in cementing the party together for good legislative work."

Republicans Win in Six.

Huron S. D., Nov. 4.—Returns from Tuesday's election of eight Circuit court judges show the Republicans have won the following circuits: First circuit, E. G. Smith of Yankton; 2d circuit, J. W. Jones of Sioux Falls; 4th circuit, Frank B. Smith of Mitchell; 5th circuit, A. W. Campbell of Aberdeen; 6th circuit, L. E. Gaffey of Pierre; 8th circuit, W. G. Rice of Deadwood. In the 3d circuit the fusionists have doubtless elected Julian Bennett of Watertown and Levi McGee of Rapid City in the 7th circuit.

Late Returns from Kansas.

Topeka, Kan., Nov. 4.—Returns from nearly ever county in Kansas show Republican gains. The total vote of the state will be nearly 100,000 less than last year, but of the vote polled the Republicans show gains which will foot up probably 10,000 over the fusion vote for the entire state. This is the claim made by the Republican committee. On the other hand the fusion forces make comparisons on the off-year local elections held two years ago, when the voters cast their ballots for the same officers as this year. This comparison shows a gain of about fifty in Populist and Democratic officers chosen in the state.

Pennsylvania's Big Vote.

Philadelphia, Pa., Nov. 4.—The complete vote of Pennsylvania is as follows: For state treasurer, Beacon (Rep.), 364,597; Brown (Dem.), 240,216; Swallow (Pro.), 116,153; Thompson (Ind.), 13,293. Beacon's plurality, 124,381. For auditor-general: McCauley (Rep.), 400,695; Ritter (Dem.), 260,164; Lathrop (Pro.), 55,882. McCauley's plurality, 140,531. The total vote for state treasurer is 734,259, as compared with 767,807 in 1895 and 1,194,355 in 1896. Dr. Swallow, the Prohibition candidate, has a plurality in ten of the sixty-seven counties.

Wolcott's Plurality Is 86,000.

Boston, Mass., Nov. 4.—Roger Wolcott, the Republican candidate, has been re-elected governor of Massachusetts by a plurality of nearly 86,000. Wolcott's plurality last year was 154,542, nearly 11,000 less than his total vote this year. The political complexion of the legislature will be as follows: Senate—Republicans, 34; Democrats, 6. House—Republicans, 182; Democrats, 12; independents, 6; Prohibitionist, 1.

New Jersey Is Republican.

Trenton, N. J., Nov. 4.—The New Jersey assembly will have a republican majority of 21 on joint ballot.

ROBBERS TAKE $10,000.

Bank Wrecked in Indiana—Authorities Think They Have a Clew.

Sturgis, Mich., Nov. 4.—Tuesday night burglars broke into the toolhouse of the Lake Shore & Michigan Southern Railway company at this place and took out a box of tools and a hand car. They went to Shipshewana, Ind., twelve miles southwest of here, pried open the front door of the Davis Bank, known as the Bank of Shipshewana, and effected an entrance. Then, by means of dynamite, they forced open the safe. They secured $10,000 in currency and a lot of valuable papers. Escaping to Middlebury, they threw the hand car into the Little Elkhart river near that town. The robbery was not discovered until daylight, when the cashier, Hewlett Davis, went to the bank and saw the wreck. He at once telegraphed in every direction, and now believes he has a clew to the robbers. They are supposed to belong to a gang of pickpockets who did a wholesale business at the Grand Rapids carnival of fun last week.

Two weeks ago the Wakarusa (Ind.) bank, twelve miles west of Shipshewana, was robbed and $3,000 taken. Tuesday night's robbery was done in much the same manner as the crime committed in LaGrange, Ind., two months ago, when the county treasurer's office was robbed of $1,000. In the latter case the men came here, got a hand car and went over the Grand Rapids & Indiana Railroad, committed the robbery and threw the car into a ditch.

Fever Abates in Memphis.

Memphis, Tenn., Nov. 4.—The general feeling of the people of Memphis and of the medical fraternity of the city is that the infection in the southern portion of the city has been killed by the cold weather of the past few days, and that there will be no other new cases except those who have the germs in their system at the present time. The board Wednesday announced only one new case, but the death rate has been somewhat increased by the cooler weather.

President McKinley at Pittsburg.

Pittsburg, Pa., Nov. 4.—President McKinley was the central figure at two important functions Wednesday in this city. In the afternoon he delivered the address at the exercises incidental to founders' day in Carnegie Music hall, and in the evening he was the chief guest at the first concert of the Pittsburg orchestra. The president eulogized the founder of the Carnegie library, art gallery and museum, and said that in no other nation could such a realization have been possible in four years.

Threatens Her Independence.

Berlin, Nov. 4.—The Frankfort Zeitung publishes the following sensational dispatch from Constantinople: "The Bulgarian government recently delivered an ultimatum to Turkey, threatening to declare the independence of Bulgaria unless the berats to the Bulgarian bishops in Macedonia were granted by 10 o'clock on the morning of Nov. 3."

Planning to Repress Carlism.

Madrid, Nov. 4.—Owing to the fact that the Carlists are known to be importing arms into Spain, the premier, Senor Sagasta, and the minister for war, Gen. Correa, are considering the adoption of repressive measures.

CONVENTION ENDS HARD WORK BEGINS

W. C. T. U. FINISHES THE SESSION IN BUFFALO.

Echo of the Temple Contest—Mrs Carse Declares She Will Not Resign From the Management—Miss Willard is to Visit Canada—Delegates Leave For Their Homes.

Buffalo, N. Y., Nov. 4.—The women who resigned from the W. C. T. U. Temple board of trustees have united in demanding that their resignations must be accepted. They also claim they will not serve any longer under any conditions. They even ask, "Of what use is the Temple board of trustees now?"

It was said Mrs. Carse would resign from the Temple management. She laughed at the idea and recalled Miss Willard's statement that all reformers are stoned until they succeed.

Wednesday was the last day of the convention. There were reports galore, a little bunch of unfinished business and a state benefit tonight. The program was arranged by the presidents of the states having made a gain of 500 membership. The states are Montana, Dakota, New York, North Carolina, New Jersey.

It is acknowledged by all delegates the convention was a distinct Willard victory. Those who were opposed to the Temple are standing by Miss Willard in her trust-fund step. The friends of the Temple are with her with new zeal and she is not dreading the outcome.

Miss Willard will go to Ottawa with the polyglot petition and present it to Premier Laurier. She will then visit six months in Monroe county, New York, after which she will go on to Evanston. Many of the delegates have gone home.

Woman's Home-Mission Work.

Cedar Falls, Iowa, Nov. 4.—The attendance at the state convention of the woman's board of missions of the interior Wednesday was one of the largest in the history of the association. The event of the day was a children's hour, in which the address was given by Miss Rowena Bird of Tai Kee, China. Among the delegates was Mrs. N. Sherwood of Chicago.

MONETARY COMMISSION.

Resumes Consideration of the Preliminary Report on Banking.

Washington, Nov. 4.—The monetary commission resumed its session at the Arlington Hotel Wednesday after a recess of some days, President George F. Edmunds presiding. The consideration of the premliminary report of the committee on banking, of which Charles S. Fairchild is the chairman, which was under consideration when the committee last adjourned, was resumed and probably will be continued for several days.

The members of the commission decline to discuss for publication the recommendations of the committee pending action on them by the full body.

Fearful Casualty in Russia.

St. Petersburg, Nov. 4.—Further details have been received of the terrible casualty which took place Oct. 26 in the village church at Khrieleff, in the Kizloff district, on the western coast of the Crimea, when an alarm of fire was raised and a panic ensued, resulting in the death of seventy-four persons and severe injury of 160 others. It appears that the alarm of fire was due to the lighting of candles at the moment when the windows were opened to allow the clouds of vapor to escape from the packed and steaming congregation. The crowd outside thought the altar screen was burning, the cry of fire was raised and an uncontrollable panic followed.

To Enforce Antichild Labor Law.

Anderson, Ind., Nov. 4.—State Factory Inspector McAbee, under special instructions from Governor Mount, arrived in this city Wednesday and will begin going through all of the factories in the gas belt in order to enforce the new antichild labor laws. Many plants in Indiana will have to shut down when McAbee reaches them, because they are operating entirely with child labor and upon a cheap child labor basis.

New Mile Bicycle Record.

Chicago, Nov. 4.—The Illinois bicycle record for one mile, paced, flying start, was broken by Frank Pearson of the Bankers' Athletic club yesterday, who covered the distance in 1:49 3-5. The last half was made in 0:54 2-5.

Alleged Anarchists Released.

Madrid, Nov. 4.—A dispatch from Barcelona says that 112 persons who have been confined in the fortress of Montjuich for a year on suspicion of complicity in anarchist plots and outrages were released to-day.

Miners May Clash.

Washington, Ind., Nov. 4.—Seventy-four more negro coal miners have arrived here from Kentucky to work the Cabel mines, making a total of 110 for the week. The local white miners are indignant and open threats are made of violence. A clash between the forces is expected most any time.

DEMOCRATS GAINED IN NEW YORK STATE

MADE INROADS ON THE COUNTRY VOTE.

Van Wyck's Plurality in the Mayoralty Contest About 83,000—Judge Parker's Plurality in the State Estimated At Nearly 100,000—Small Vote For George.

New York, Nov. 4.—Returns from all the boroughs of greater New York show that a clean sweep was made by the Democrats, with two or three exceptions, in the entire list of borough, county and city candidates.

Mayor-elect Van Wyck's plurality, as now appears, is 81,548; that of Bird S. Coler, for comptroller, 105,524, and that of Randolph Guggenheimer, for president of the council, 112,094.

Of the twenty-eight members of the new council for greater New York twenty-seven are Democrats. Of the sixty members of the new board of aldermen fifty-three are Democrats. The politics of the minority is divided between the Republicans and the Citizens' Union.

There are reigning sovereigns in Europe who do not distribute $30,000,000 worth of patronage in a year. Yet that, approximately, is the amount that will be dispensed by Robert Van Wyck, mayor-elect. For a standing army he will have the police force, generaled by four commissioners of his own choosing. The salary list thereof will amount to $10,551,000. The schools will cost $7,250,000, or thereabouts. Keeping the streets clean will cost $4,007,700 more. The estimated total of $30,000,000 averages $1,000 a year each for the 30,000 subordinates to be controlled by the heads of departments in the boroughs of Manhattan, Bronx, Brooklyn, Richmond and Queens, who must themselves be appointed by Robert A. Van Wyck.

DEMOCRATIC BY 58,000.

Plurality for Alton B. Parker for Court of Appeals Judge.

New York, Nov. 4.—Returns from all the counties in the state indicate a plurality of more than 58,000 for Alton B. Parker, Democratic candidate for chief judge of the court of appeals. His plurality in Greater New York is 133,058.

The state legislature remains Republican. The senators hold-over, and the new house of assembly stands eighty-five Republicans to sixty-eight Democrats. Ten of the newly elected Republican assemblymen are said to be anti-Platt. In the present senate the Republican majority is 30; in the house 78.

Blackburn May Be Senator.

Louisville, Ky., Nov. 4.—The Kentucky legislature is again controlled by the silver Democrats. The majority in both houses is so great that little interest is taken in delayed returns. Ex-United States Senator Blackburn announces that he will be a candidate to succeed Senator Lindsay two years hence. The eighteen senators elected will hold over until 1900.

No Republicans in the Senate.

Richmond, Va., Nov. 4.—The latest returns from the election in Virginia give the Democrats all the senators elected and ninety-four, and perhaps ninety-five, members of the house. The Republicans get four, perhaps five, members of the house, and the independents one member. The Democrats made heavy gains in the southwest and in the valley.

Fusionists Win in Nebraska.

Lincoln, Neb., Nov. 4.—Later reports confirm the evidence that the fusion ticket is elected by a plurality fully as large as that given Bryan last year, if not larger. Chairman Edmisten of the fusion committee said he had no reason to change his estimate of 20,000 plurality for the entire fusion ticket.

BEGINS INVESTIGATION.

Committee of G. A. R. at Work at Soldiers' Orphans' Home.

Bloomington, Ill., Nov. 4.—The visiting committee of the Illinois department of the Grand Army, selected by the department to investigate the complaints regarding the management of the Soldiers' Orphans' home at Normal, began their work Wednesday. The investigation was conducted by H. G. Reeves of this city, judge advocate general of the Illinois G. A. R. It was an open procedure, and will continue so until finished. The testimony showed that there was room for reforms of a drastic nature at the home.

Germans and Czechs Fight.

Vienna, Nov. 4.—Conflicts between Germans and Czech students, arising out of the recent difficulties in the reichsrath, have occurred at various points. At Graz six Germans have been seriously wounded and twenty have been wounded at Prague. At Bruenn there have been similar collisions, with serious results to the combatants. Numerous arrests have been made at each place.

To Increase the Use of Silver.

Paris, Nov. 4.—Five powers of the Latin union, on the initiative of Switzerland, have signed a convention to increase the number of small silver coins by a franc per head of their population, using the existing 5-franc pieces to supply the necessary silver.

MAYOR IN THE TOILS.

Dubuque's Ex-Chief Executive and Aldermen Indicted.

Dubuque, Iowa, Nov. 4.—The grand jury Wednesday reported indictments for conspiracy to defraud against ex-Committee Clerk John O'Connell and ex-Street Commissioner T. W. Hagerty. They are accused of stuffing the street commissioner's pay roll for April last. Indictments for willful and corrupt misconduct in office were returned against nine members of the city council of 1895. The list includes: Mayor Peter Olinger and Aldermen J. W. Halpin, A. A. Cullen, Tim Shea, Anton Vogler, John Schulte, P. W. Crawford, Theodore Bauer and Joseph K. Kauffman.

The aldermen formerly received salaries of $300 per year. In April, 1895, the council raised this amount to $500 per year. Nothing was thought about the matter until the fall of 1895, when the council made allowances to the members of the board of health, which included the mayor and some aldermen. The mayor, who was exofficio chairman, was allowed $500. These actions are declared to have been illegal.

GOMEZ NOT TO YIELD.

Will Reject Spain's Offers of Autonomy or Reforms.

Havana, Nov. 4.—While the American and European papers are gravely discussing the probable peaceful issue of General Blanco's advent in Cuba, and prominent statesmen look upon the new regime approvingly, they, like the Spaniards, give little consideration to the insurgents in the field. Yet General Gomez and his officers alone hold the key to the situation.

Gomez, under his full signature, has given a short but decisive rejection of all compromises offered by Spain. He will accept nothing but absolute independence. From every leader in the field signed statements have been procured. They unanimously reject autonomy, and emphatically state they are determined to keep to their motto—independencea muerte—independence or death.

GARNISHEE LAW VOID.

Indiana Judge Holds the New Act to Be Unconstitutional.

Anderson, Ind., Nov. 4.—Judge McClure Wednesday passed upon the constitutionality of the new Indiana garnishee and the anti-waste natural gas laws. He declared the former unconstitutional as a whole, and all cases brought under it were stricken from the docket.

He made this ruling on the ground that it was class legislation and discriminating against the wage-earner inasmuch as it made special provisions for attaching his earnings.

He held the anti-waste gas law constitutional and docketed the many cases against oil field violators.

Pope Leo Is Soon to Decide.

Rome, Nov. 4.—The new archbishop of Montreal, Mgr. Bruchesi, has arrived here and will reside at the Canadian college during his stay in this city. He declares that the right of Roman Catholics to separate schools in Manitoba will be supported, and it is said the pope will shortly give a decision on the subject, as the moment is regarded as opportune, in view of the calmness of the Canadian press since the mission of Mgr. Merry Del Val to Canada.

Prince May Marry an American.

London, Nov. 4.—A dispatch to the Times from Cairo says: "It is asserted here that Prince Mohammed Ali, the brother of the khedive, is engaged to be married to an American lady whom he met in Europe. He has offered to renounce his succession to the khedivate in order to obtain the consent of the khedive, who, with his mother, is strongly opposed to the marriage."

Frost at New Orleans.

New Orleans, Nov. 4.—The number of new cases reported at the board of health office Wednesday, fifty-two, exceeds that of Tuesday, despite the fact that a light frost fell here last night. Five deaths were also reported. Physicians explain that those being reported now had the disease in their systems before the cold wave reached here. The weather has moderated considerably since Sunday night.

Aeronaut Drowned at Chicago.

Chicago, Nov. 4.—Professor Stuart Young, an aeronaut, made his last balloon ascension yesterday. Lashed by the winds, he was swept over the Lake Front park, falling into the lake near the foot of the Randolph street viaduct. He made a heroic effort to save himself, but, being tangled in the rigging, he was dragged beneath the water and drowned.

Miners Refuse to Work.

Brazil, Ind., Nov. 4.—Wednesday notices were posted at each mine in the district, signed by officers of the local United Mine-Workers' association, informing the operators that the union miners would refuse to work in mines where non-union men were employed. The operators are opposed to this method, and trouble is feared.

Elect Officers for the Year.

Pittsburg, Pa., Nov. 4.—The vote on national officers of the Window-Glass Workers association was counted Wednesday. The following officers were chosen for the ensuing year: President, Simon Burns; secretary, Paul St. Peters; [illegible] G. Schlicker

The society also urges the holding of local celebrations in each county.

RETURNED FROM ALASKA.

Steamer Al-Ki Reaches Port Townsend With Twenty Passengers.

Port Townsend, Wash., Nov. 4.—The steamer Al-Ki arrived at midnight from Alaskan points with ninety passengers, three-fourths of whom were from Skaguay. Among them were two surveying parties which have been operating along the Strickeen river for the last ten weeks, one party in the interests of the Canadian Pacific Railroad Company, the other in the interests of the Dominion government. The Al-Ki brought but one passenger, Fred Compton, of Seattle, from Dawson City, which place he left Sept. 20, coming out by Dyea.

Sheriff Dyke of Clallam county, Washington, was also on board. He had in custody John W. Troy, ex-auditor of Clallam county, who, it is alleged, embezzled over $5,000 during his two terms of office. The sheriff found Troy at Skaguay. Troy willingly accompanied the sheriff, and says he will have no trouble in clearing himself.

The Juneau Mining Record in its last issue says: "The North American Transporting and Trading Company will send a stamp mill to Dawson on the first steamer going up next summer."

Went to Pieces at Sea.

Boston, Nov. 4.—The bark Gazelle has arrived here from Para and the Barbadoes, and Cept. Green reported that last Saturday, when 180 miles south of South Shoal lightship, he fell in with an immense amount of wreckage, apparently marking the spot where some large English vessel had foundered. The wreckage included a portion of a vessel's deck, with knees attached, main ribs, and stanchions, planking, and pieces of the deckhouse, besides the side of a boat upon which was plainly visible the word "London." Judging from the decks and wreckage passed, it is probable that the vessel would carry about 25 men.

British Column Advances.

Simla, Nov. 4.—A dispatch from Mastura says that Sir William Lockhart's columns are encamped in the Maidan valley, a hitherto unknown district, which the Afridis had boasted no invader could penetrate. A column has visited the notorious mosque and grove at Bagh, where the Afridi rising originated, and which has been the center of the political and fanatical intrigue which has animated the outbreaks of tribesmen. The mosque was left untouched and was not entered; but the trees in the grove were hewed down as a mark of punishment and a sign of victory.

Eckels Goes to Chicago.

Chicago, Nov. 4.—James H. Eckles, comptroller of the currency, has accepted the offer made him by the Commercial National bank of Chicago and the first of the new year will become its president. Since the late Henry F. Eames resigned last May the presidency of the bank has remained unfilled. Mr. Eckles' name was suggested some months ago, a satisfactory understanding arrived at with him, and at the last meeting of the bank's directors, Mr. Eckles was elected to the position. His term in Washington expires Jan. 1.

Plead for Missionaries.

Denver, Colo., Nov. 4.—From all parts of India, China and Japan come pleadings for more missionaries. The conference reports which are being read at the Methodist Women's Foreign Missionary society are filled with the crying need for a greater number of women to carry on the work in the famine districts and to relieve the missionaries who have been working for years amid perils of tropical climate and hostile natives.

Gas Companies to Combine.

New York, Nov. 4.—The incorporation at Albany Monday of the New Amsterdam Gas company of New York City, with a capital stock of $23,000,000, of which $10,000,000 is to be preferred, is a not unnatural sequel to the recent consolidation of the Equitable and New York and East River Gas companies. Its creation is accepted as an indication that within six months all the gas companies of Greater New York will be united.

Raleigh, N. C., Nov. 4.—Gen. Thomas L. Clingman, ex-United States senator, died in the Morganton insane asylum Wednesday. Aged, poor and infirm, the state gave him a home there.

WELLS ARE DRYING UP

Much Concern Felt Over the Lack of Rain This Fall.

Unless rain should set in soon there is some danger that Rock county wells may suffer. During October the precipitation was only .86 inches. Last year the precipitation for that month was about twice as much, or 1.69 inches. In spite of the copious rains of the last weeks in October, 1896, there was still some fear felt of the wells going dry. Farmers are also worried this year because so little fall plowing has been done. The ground has been very dry for the past two months and heavy rains are needed to put it in shape for work. The maximum precipitation for one day during the past month was on October 11, being .04 inches.

BOILER INSPECTOR WAS HERE

Thirty-Two Boilers in This City Are Pronounced Absolutely Safe.

H. E. Wallis of Chicago, representing the Hartford Steam Boiler Inspection company, completed the inspection of thirty-two boilers in this city, yesterday afternoon. Janesville, for its size, is a good boiler town, Mr. Wallis says, and is classed by the company as A1.

"What is the average life of a boiler using Janesville water?" he was asked.

"That depends entirely on its care and management," he replied. "Several in this city are still in good condition after being in service twenty years, while others are not so good, that have not been in service only half that time."

THAT NAUGHTY PARIS DOLL,

Verona Jarbeau Attached The Dolls Scenery In Chicago This Week.

Verona Jarbeau is now in possession of the beautiful scenery of "The Paris Doll."

She took out a replevin writ in Chicago this week after the show had disbanded and Deputy Sheriff Hall secured possession. Jarbeau claims that since the company started from Chicago she has worked hard for the success of "The Paris Doll" and that the failure was due to lack of proper management and advertising.

HER PERPLEXITY.

She loves her little Fido
He sleeps upon her bed;
She bathes him every morning
And combs his pretty head.

Upon her heaving bosom
He lies in sweet repose;
He licks her lips—she kisses
His frosty little nose.

With sadness she remembers
The happy days of yore,
And wonders why her husband
Doesn't kiss her any more.

FINDS HER PARENTS AFTER MANY YEARS

LIZZIE WELLS DISCOVERY THROUGH THE PRESS.

Parted From Father and Mother When a Child She Meets Them Again After Fourteen Years—Her Brother Is Also Brought Back—Family Reunion Will Follow.

After being separated many years from their three children and not knowing whether they were dead or alive, Mr. and Mrs. David Wells living on the Charles Murray farm between Janesville and Beloit have clasped a daughter to their arms and located the whereabouts of one son. Their happiness will be complete when they find their youngest boy. The story is told by the Beloit News. The scattering of the family occured fourteen years ago at Rockford and was due to the vicissitudes of fortune. The parents were taken ill at the same time and being in reduced circumstances, were cared for at a hospital. The authorities placed the young children in the hands of strangers, Lizzie, a daughter, and one boy being taken to different points in Iowa. Where the other lad went no one seems to know. Indeed, neither the parents nor the children at the time knew what had become of one another

Lizzie Gets Poor Treatment.

Lizzie fared badly in her new home. She waited her opportunity and ran away, seeking her native place, Rockford. For some time she has been employed in the parsonage of St. Mary's church, in that city. The first chapter in the union of the family was a letter from a lady in Clinton, Ia., who stated that a young man of her acquaintance in that city was anxious to get trace of his sister, Lizzie Wells, who was supposed to be in Rockford, if alive. The letter was printed in a Rockford paper. Miss Wells saw it and her hopes ran high. She sent a reply, proofs of the relationship were exchanged and the brother and sister met in Rockford last week. The young man then returned to Iowa.

Lizzie Finds Her Parents.

The reunion of parents and children came through another chance. J. T. Wilkins in Beloit, saw the paper. His son Everett called up Miss Wells by telephone and asked her brother's given name. The young lady's recollection was indistinct, but she finally remembered her mother's name, where upon Mr. Wilkins told her to come to Beloit, as her parents lived near. Miss Wells came to Beloit, was met by her father, and driven out to the farm, where a happy evening was spent. Miss Wells has returned to Rockford, and soon she and her brother from Iowa will pay the old folks another visit. An effort is being made to locate the youngest son.

A BARBAROUS SURGICAL OPERATION

For the Cure of Piles.

Is not only intensely painful, dangerous to life and very expensive, but in the light of modern medical research and since the discovery of the Pyramid Pile Cure a surgical operation is wholly unnecessary. If you have any doubt on this point kindly read the following letters from people who know that our claims regarding the merits of the Pyramid Pile Cure are borne out by the facts.

From N. A. Stall, Ridge Road, Niagara Co., N. Y: I received your Pyramid Pile Cure and tested it last night. It did me more good than anything I have ever found yet, and remember this was the result of one night's treatment only.

From Penn W. Arnett, Batesville, Ark.: Gentlemen:—Your Pyramid Pile Cure has done me so much good in so short a time that my son-in-law, Capt. T. J. Klein, of Fort Smith, Ark., has written me for your address as he wishes to try it also

From A. E. Townsend, Benville, Ind.: I have been so much benefitted by the Pyramid Pile Cure that I enclose $1 for which please send a package which I wish to give to a friend of mine who suffers very much from piles.

From John H. Wright, Clinton, De Witt Co., Ills.: I am so well pleased with the Pyramid Pile Cure that I think it but right to drop you a few lines to inform you its effects have been all that I could ask or wish.

From P. A. Bruton. Liano, Tex.: Gentlemen:—The Pyramid Pile Cure has done so much good for me that I will say for the benefit of others that after using only two days I am better than I have been for months.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co., of Albion, Mich., and it is truly a wonderful remedy for all forms of piles. So great has been the number of testimonial letters received by them from all parts of the country that they have decided to publish each week a number of such letters and never use the same letter twice, but only fresh letters will be published.

All druggists recommend the Pyramid Pile Cure, as they know from what their customers say that no remedy gives such general satisfaction.

SIX BALLPLAYERS AFLOAT.

Joe Cantillon and Others Floating Down Mississippi In a House Boat.

Joe Cantillon, formerly of Janesville, who captained the ball team of Dubuque in the Western association last season, has started down the Mississippi in his house boat, accompanied by Peck Sharp, Gus Dundon, Will Baer and Nonnemacher and Sullivan, all well known ball tossers.

There are four hounds, a coon dog, two ferre s and two tame squirrels on board. Six cots were piled on one side of the boat, while overhead swung two double-barrelled guns, one repeating shot gun and a revolver. The shelves were piled high with canned goods, and in a corner was a huge kitchen range, cooking utensils, sacks of flour, sacks of potatoes and everything that goes to make up a well appointed kitchen and well stored larder. On the roof were fish traps, trot lines, seines, sweeps, steel traps, spears and dozens of fish poles, while on a peg at the corner of the craft hung a pair of lineman's climbers for climbing trees to shake out coons. The boat was well furnished with bedding, chairs an extension table, dishes, "water" keg, and a big lamp with a reflector. At St. Louis Breitenstein of the Cincinnati ball team and Perry Werden of the Lousvilles are impatiently awaiting their appearance. Taking them on, Joe ill go to Memphis, where Charley Frank of the Columbus club will join the party and all will go up the White river to fish, trap and hunt all winter.

It often happens that the doctor is out of town when most needed. The two year old daughter of J. Schenck, of Caddo, Ind. Ter., was threatened with croup. He writes: "My wife insisted that I go for the doctor at once, but as he was out of town, I purchased a bottle of Chamberlain's Cough Remedy, which relived the child immediately." A bottle of that remedy in the house will often save the expense of a doctor's bill, besides the anxiety always occasioned by serious sickness. When it is given as soon as the croupy cough appears, it will prevent the attack. Thousands of mothers always keep it in their homes. The 25 and 50 cent bottles for sale by C. D. Stevens, pharmacist, corner Main and Milwaukee streets.

To Fix Wages for Miners.

Pittsburg, Pa., Nov. 4.—The conference between miners and operators to decide the wages to be paid for mining during next year will be held next month. M. D. Ratchford, president of the United Mine Workers, will enter the conference with a claim for 75 cents a ton as the mining rate for 1898. The operators will make an effort to retain 65 cents a ton as the figure for next year.

From the Lone Star State comes the following letter, written by W. F. Gass, editor of the Mt. Vernon, (Tex.) Herald. "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for the past year, and find it the best remedy for colic and diarrhoea that I have ever tried. Its effects are instantaneous and I cheerfully recommended it, especially for cramp colic and diarrhoea. Indeed, we shall try and keep a bottle of it on our medicine shelf as long as we keep house. For sale by C. D. Stevens, Pharmacist, Corner Main and Milwaukee Sts.

L FIELCS HERE TONIGHT

Negro Minstrelsy Will be the Attraction at the Myers Grand.

For more than two years Al G. Field who is proprietor of the Al G. Field Big Minstrels, the largest minstrel company in America has been gathering material for a big negro show. The company was organized more than two years ago and has made a tour of the principal cities of the United States and has met with popular approval everywhere.

Tonight the company will be seen in Janesville. Thirty genuine southern negroes will depict the oddities of negro life on the old plantation. Twenty colored dudes will essay to show off negro life in upper-tendom. Several very novel and fetching specialties will be introduced among which are Marsh Craig, D. W. Sanders' monkey and dog circus, a very large brass band, a big parade. etc. Home life among the negroes of the sunny South forms the basis of an entertainment that has met with more popular favor the past two years than anything that has been put before the public. Thirty genuine Southern negroes have been gathered together to present a series of pictures from real life, showing amusements, antics, frolics and games of the Southern negro in his humble home. The negro is the most humorous of mortals. Care sits lightly on his hopes. To amuse and be amused is the prime motive of a negro's life. The dance, songs and music are their greatest delight. There is nothing in which they excel as they do in singing and dancing. There is a catchiness about the negro melodies not heard in any other music. Sit in an audience and listen to a classical selection from the orchestra and then note the effect of the introduction of a few bars of any negro melody. The audience with one accord brighten up, keep time with the strains and manifest an inspiration that no other music can inspire. Even in Europe, where negro airs are seldom heard, many of our home songs have become immensely popular.

300 dozen full sized 3-4

NAPKINS

worth $2 50 per dozen are offered on Saturday, Nov. 6th, at the low figure of

$1 49 per dozen.

These Napkins are fine and large and anyone who sees them will agree that they are worth $2 50 per dozen, and this is the last lot we will be able to offer to our trade at **$1.49.**

There is one feature about these Napkins that you will do well to note. **They are all pure linen.** This you can depend upon, and price is **$1.49,** worth $2.50.

The tariff on linens will advance the price on all linens about 20 per cent. as soon as the present supply of imported linens is exhausted. This means that these Napkins will be worth $3 00 in the spring. Now that is a fact. Today they are worth $2 50 and on Saturday, November 6, we let 300 dozen go at **$1.49 per dozen.**

One more thing we want to mention right here in connection with these Napkins at $1.49, and that is if we were trusting Tom, Dick and Harry the price would be more than $1.49; but **cash,** without any losses on bad accounts, enables us to make this price. We buy for cash; we sell for cash, cheap.

To Sum It Up:

There are 300 dozen of them.
They are full ¾ size.
They are pure linen.
They are worth $2.50.
They will be worth $3.00 in the spring.
We sell them CHEAP FOR CASH, and

$1.49 per dozen is the price, on Saturday, Nov. 6.

PAYS ALL CLAIMS.

It developes that the price paid for the Union Pacific will do more than was expected—will pay the full amount of the government lien. This is a great triumph for the McKinley administration. When the road was started a third of a century ago nobody supposed the government would get back in direct cash any of the money which it put into the work. It was a great military as well as economical enterprise, and it was expected to pay the people, by uniting the Pacific coast with the Atlantic and in developing the west, many times for the money expenditure which the government made. This, of course, it has done. It will do more than this, however, for the government is obtaining the full amount of its claim. The administration's desire has been to protect the people's interests in this matter to the greatest possible extent, and it has achieved a larger measure of success than anybody a month ago expected.

CROKER AND HIS FRIENDS.

Croker has the audacity to say that the most economical, efficient and faithful government New York has ever had was that under Tammany. What is to be expected of a man who can make this assertion in the face of the sworn Lexow testimony? He virtually declares that Tammany's notion of fidelity and efficience is not incompatible with blackmail, alliance with the criminal and vicious, and general plunder

To be sure his effrontery was expected. But what of the stubborness of so-called independents determined on having their own way and doing all in their power to make Crokerism possible?

Do they really want a Tammany government, now that their action has turned the scale?

Grain rates have been reduced by the C. & N. W. and C. M. & St. P. roads between Milwaukee and the Lake Winnebago district. The mystery about Janesville rates as compared with those from other towns in this neighborhood is still unsolved.

Taking the country as a whole it is seen that the pendulum has not swung as violently away from the great republican landslide of 1896 as might have been expected in an off year.

New York independents will have considerable time in which to figure out what they gained by electing Van Wyck.

The Way They Do at Home.

They were having some private theatricals, and Mr. and Mrs. Jinks gave the scene from the "School for Scandal," in which Sir Peter rates and reproaches Lady Teazle for her extravagance and other shortcomings. Edith Jinks, aged eight, was in the audience, and when asked at the close of the entertainment how she had enjoyed her parents' acting, she electrified her hearers by saying, in a tone of disappointment:

"Acting! They were not acting! That's the way they're always going on at home."—Tit-Bits.

A Fool at a Boarding House.

Jinks—That fellow, Sillypate, is the most inexcusable fool I ever saw.

Winks—What has he been doing to you?

Jinks—A few days ago some one invited him to dinner at our boarding house. Well, sir, that idiot just praised every dish on the table, and complimented the landlady on her cooking, until she raised our rates two dollars a week.—N. Y. Weekly.

"How much better Benton dresses nowadays than he used to!" said Dawkins. "He must be making money."

"I think you're mistaken," said Hawley. "I heard on very good authority that he was losing money. He probably can't afford to dress badly."—Tit-Bits.

Too Much Heat.

Dinks—It's a mystery to me what Fenilworth's done with his father's fortune. It seems to me only the other day that he had money to burn.

Mrs. Hoon—I have just been reading of a waterspout that burst in Kentucky last week.

COUNTY INSTITUTION MORE THAN SELF SUSTAINING.

Board of Trustees Report Shows That the Cost of Maintenance For the Last Year Has Been $14,144.29 And the Earnings Have Been $24,167.39.

There are now 153 patients in the Rock county asylum—82 men and 72 women. The decrease in the asylum is due to the removal of about a dozen of the insane to new asylums in counties where they belong. The average number of paupers during the year was 50, of insane 157 (omitting small fractions), in all 207 persons, maintained at a cost of $14,144.29 or $1.31 a week for each.

The annual report of the board of trustees, to be submitted to the county board next week, contains these figures on the settlement with Superintendent Aller for the fiscal year ending October 1, 1897:

In continuing, the report says: The trustees take pleasure in being able to announce to the Board of Supervisors and to the tax payers of Rock county that the insane asylum is now, not only a self-supporting, but a money-making institution. It will be seen by the foregoing statement that its income after liquidating all expenditures of the plant, for the year just closed (except those for added values) including the cost of maintaining the inmates of the almhouse, is sufficient to pay the $6,000 interest on the bonds and then have a balance left for a sinking fund.

In another point of view the establishment is both creditable and profitable to Rock county.

The testimony of the state board of control, and the care-takers of the insane in other states deputed to examine the Wisconsin county system for the support of insane persons lead the trustees to believe that a very unusual number sent from the state hospital to our asylum as chronic cases, are dismissed cured, or so much improved that they are permitted to return to their homes on furloughs, from which they are seldom sent back.

"Do any of your patients go home cured?" asked a member of the state board. The trustee answering in the affirmative, the questioner seemed surprised and apparently incredulous.

Dr. H. M. Wetherell, specialist, sent from the Philadelphia insane hospital, after examining critically all department of our asylum, expressed astonishment that so many had been dismissed.

H. H. Hart, secretary, with three members of the Minnesota State Board of Charities and Correction, recently visited our county farm and after thoroughly inspecting the asylum and almshouse, emphatically declared "The Rock county institution is considered one of the best in the state." Of the almhouse, Secretary Hart said:

"We were much pleased with the several poorhouses we visited in Wisconsin. At Janesville we found what I consider an ideal poorhouse, managed in an ideal manner. Excepting the matron, there is not a person in the institution who is not a pauper. Everything was scrupulously clean about the place and the meals were as wholesome and well prepared as could be found at a first-class hotel. In a word, the place was cheap, clean and comfortable."

One of the Minnesota delegates on entering our assembly room said: "We find no such chapel, no library like this in other county asylums."

The number of patients discharged from the Rock County Asylum regarded as cured or partially cured during the year embraced in this report is scarcely less than a dozen.

Why is it that so many cases sent to our hospital as incurable are permitted to be taken away by their relatives so greatly improved is not wholly cured? May it not, in a measure, be attributed to the observance of the Sabbath as a day of rest, to the voluntary gathering of the patients, dressed for the occasion, in the chapel for appropriate services in which all, even the worst cases, with very few exceptions, are apparently interested—and to the distribution to all applicants afterwards of books, magazines and papers, the donation of kind friends of the institution?

GAVE BOGUS CHECK TO FRANK A. TAYLOR

WELL DRESSED STRANGER TRIES $65 SWINDLE.

Represents Himself as a Deering Harvesting Machine Co. Agents and Asks to Have an Expense Check Cashed—Disappears When Signature is Questioned.

Somebody must think this is an easy town. It has been a long time since so many forged checks and bogus agency schemes have been sprung on Janesville people.

A slim young man with a sandy moustache tried to get $65 out of F. A. Taylor this morning.

The young man who gave his name as Chester Hund came into Taylor's office yesterday afternoon and explained that he was from the Deering Harvesting Machine Co's. office in Madison. He had been sent, he explained, to make it right about the corn husker that had made so much trouble.

"We haven't had any trouble about a corn husker" said Mr. Taylor. "All the machines that we got have been sent out and are perfectly satisfactory."

"Well they must have given me the wrong instructions back there in the Madison office" said the young man. "It can't be helped now. I will have to stay over night and get out of here tomorrow forenoon for I expect a letter with some expense money on the night mail."

He stayed around the office all the afternoon talking farm machinery and in the evening asked the way to the postoffice. When he came back he was waving a letter in the air and said:

"Here it is. It came all right."

He asked Mr. Taylor if he would identify him at the bank in the morning and was told that he could have the check cashed right there in the office. He came in therefore, and presented the check which was for $65 and perported to be signed by M. Kaufman, Madison agent of the Deering Company.

It seemed peculiar that a Deering agent should be paid with a personal check and Mr. Taylor asked for the file of letters of 1896, intending to verify the signature. As he turned to get the book the stranger stepped out of the office and disappeared.

The police were notified at once and Mr. Taylor called up the Madison office of the Deering company, and found that no such man as Hurd had ever been employed there. Hurd was a tall, slim young fellow in a new suit of mixed tweed, a new overcoat and a brown derby. He had a sandy moustache.

He must have walked out of town, as Landlord Richter of the Riverside hotel, watched the depots for him, hoping to get satisfaction on a bill for supper, lodging, breakfast and sundry drinks.

At 3:45 o'clock the case came to an end, the court finding the defendant guilty of assault. A fine of $5 and costs, amounting to a total of $10.65, was imposed.

VILLAGE SMITH ARRESTED

Milton Junction Men Fight Over the Way To Shoe Horses.

Just because Farmer F. H. Jones' favorite steed went lame, George Chatfield, the village smith at Milton Junction, and his rival, William Clifford, fell out and fought. Chatfield accused Clifford of not knowing how to shoe the animal.

After the fight was over, Clifford came to this city and swore out a warrant for Chatfield's arrest, charging him with assault and battery. Under Sheriff Wallace Cochrane placed Chatfield under arrest, and at 2:30 this afternoon plaintiff and defendant appeared in the municipal court.

From evidence submitted it appeared that both men had been shoeing Jones' horse. Chatfield claimed that the horse was all right as long as he shod him but that just as soon as Clifford was allowed to shoe him he went lame.

WILL BUY THE MILL IF PRICE IS RIGHT

CANADIAN SYNDICATE WILLING TO PURCHASE.

John Penman Announced Before Leaving For Rockford That His Company Would Take Janesville Property If A Fair Figure Was Named by Local Owners.

John Penman of Paris, Ontario, and W. G. Long of Hamilton, Ontario, left for their homes last evening. They expected to stop in Rockford and Detroit on the way. Mr. Penman said before leaving:

"We would locate in Janesville if we could get the property at a price that would pay us to take it up."

It is apparent, therefore that the sale of the upper cotton mill to the company can be brought about if the local stockholders will accept a price that will pay the purchasers for taking hold of it.

It is earnestly hoped that the plan may succeed. Should the Canadian company come to the city it will come equipped with an abundance of capital and will give steady employment to a large force. Five mills in Canada are operated successfully by this corporation, which has a high rating and unquestionable credit.

The Janesville mill would unquestionably be in operation fifty-two weeks in the year should the new owners secure possession, this being a condition of affairs very welcome to the commercial interests of the city. It will be generally hoped that negotiations are carried to a successful conclusion in the interest of business men and employes alike.

THE INQUISITIVE BOY.

I have a little boy of six
Who sets me quite a task
And often puts me in a fix
By questions that he'll ask.
"What holds the moon up in the sky?
Where does the sunshine go?
Why does my baby brother cry?"
Are things he wants to know.

"Where does the gas go when put out?"
He asked me yesterday.
The question filled my mind with doubt.
I wondered what to say.
"If all the good people that die,"
Says he, "in heaven are crowned,
Why don't they go up in the sky
Instead of in the ground?

"Who lights the stars up every night
And turns them out at dawn?
What makes the snow so very white?
Where is the new year born?
Why have all negroes curly hair?
What makes their skin so black?
What makes a wheel go round, and where
Do old ducks get their quack?

"Why can't we see the wind at all?
What makes the water wet?"
These and such questions daily fall
From the wee lips of my pet.
He's most embarrassing at times
Interrogating me,
Yet when upon my knee he climbs
I'm happy as can be!

A NOVELIST'S BRIDE.

The betrothal and marriage of Mme. Octave Feuillet is told by herself, with charming naivete and wit, in "Quelques Annes de Ma Vie."

I was nearly 19 years old. My mother insisted that I must marry. Every week she presented a new aspirant, but when, after each interview, she asked, "Does this one suit you?" I replied, "No, not this one."

My father urged me also. It was generally during our horseback rides in the country, while we let our horses walk along the pretty routes, that he undertook my conversion.

"I know some one," he said one day, "who loves you, and who this morning has asked for your hand."

"Another? Good heavens!"

"Yes, another, but I hope you will not rebel when you hear the name of this one."

"Tell me, my father, who it is."

"It is your cousin, Octave Feuillet."

"What, my cousin! Is it possible that he loves me. He hardly knows me, living so far away. I have perhaps danced three times with him, and that is all."

"Very well, that is sufficient. He desires you to become his wife. He desires it ardently. Your mother and I would be in despair should you disappoint him with a refusal."

"My father, let me have a little time for reflection."

"Not too long," answered my father, "and may God inspire you."

God inspired me that same night to think my cousin charming. Again, in imagination, I saw him at those three balls where I had danced with him and recalled his handsome figure and bearing, his distinguished looking features and his slightly haughty air.

I remembered the grace with which he bowed to a woman, particularly to my mother. I recalled the words he had spoken to the music of the orchestra during the quadrilles—words which did not resemble in any way the trivial phrases I was accustomed to hear. He talked as well as he wrote. He had already a great reputation among literary persons, and his novels and poems were making a sensation in the world.

And was it I who was destined to become the wife of this poet, of this gentleman? I could not believe in such good fortune. In accepting it I felt uneasy.

It seemed to me impossible not to disappoint the accomplished being who had deigned to choose me. When I thought of his worth, I felt my own inferiority. I found myself provincial and ignorant. Nevertheless my father had said that he loved me.

He loved me in spite of all my deficiencies. It remained for me to recompense him by working for self improvement. After having devoted my thoughts exclusively to him I turned in imagination to the existence we would lead.

We should doubtless live in Paris, this beautiful Paris which I had not seen since the journey with the ladies of ——. No more visits to the tombs of St. Denis, but presentations to the friends of my husband and drives in fiacres from museums to churches and from churches to museums.

And then the installation of our apartment and the purchasing of elegant furniture, which would make it charming—how beautiful did all these dreams appear when I compared them with the monotony of the present!

The effect of all this was that I did not sleep till morning.

I shall never forget that evening when my cousin came the first time as a fiance. We awaited him in my mother's room. My father walked up and down, giving me his arm. My brothers were on the staircase ready to fall on the neck of the visitor.

When I heard the bell ring, which caused commotion throughout the house, I was so agitated, so troubled, so nervous over the new role assigned me, that, losing all thought of propriety, all desire to please my fiance, I ran toward the window and enveloped myself in the curtains.

There I should have remained intrenched behind these curtains, a position which would have given me confidence, had not my father indignantly unrolled me and thrown me into the arms of my cousin, who appeared a little surprised at this welcome.

"It is timidity," said my mother in a low voice, at the same time smoothing my ruffled hair. "She loves you, I am sure."

This undignified reception did not discourage my fiance. He made me pretty speeches all the evening and happy promises, to which I listened with downcast eyes. The next day came some charming verses from him, addressed to my mother, but which I had inspired.

On the 25th of March, 1857, I awakened at an early hour, being unable to sleep on account of my emotion. It was the day I was to leave the paternal home and take in the presence of God my title as madame.

Midnight was the customary hour for marriages in our part of the country. I was in hopes of having the day to myself, but I was obliged to busy myself in all sorts of ways, to try for the last time my wedding gown, to arrange flowers, and so forth.

Toward the end of the day, while the last touches were being added to my toilet, Victoire, my maid, who had been occupied in carrying different things to my new home, returned in consternation, saying that my cousin was not well, and that they did not know whether the wedding could take place.

"Oh, mon Dieu!" said my mother. And she ran to carry her anxiety into the bosom of the united family. They took counsel together, and two relatives were sent as embassadors to the fiance. During this time my mother ran from room to room, calling all the servants, ringing bells, recommending calmness and doing her utmost to deprive me and everybody else of it.

Finally the embassadors reappeared. "He is coming. He will be here in a few moments," they cried, ascending the stairs. "The indisposition has passed away." And they wiped their foreheads as they spread the good news.

After an hour's waiting the door opened, and my cousin entered the room. He was very pale, but very handsome, and I felt proud to belong to him. "I have been a little indisposed," he said, giving me his hand, "but I am quite well now, and I love you." This "I love you" came like a whisper, and I felt myself growing pale and flushed at the same time.

The dinner was long and serious. We were surrounded by aged relatives. My grandmother Dubois did not break her cold reserve, except to say to the servants, "Do not spoil my dress." My husband's uncle, a retired officer, who sat at my right, had a stomach trouble and ate nothing. He spent his time in finding fault with the others because they ate so much.

"My child," he said to me, "do not eat too much today. It is not good for you." And I could easily believe it. Emotion closed my throat so completely that not a cherry could have passed it.

While waiting for the departure for church the men went to smoke and the women gathered around me like bees.

"Ah, my dear," said one, "the great moment is at hand."

"Your dress is very beautiful," said another, "but dead white is not becoming to your complexion. It makes you look so dark. How will you arrange your veil? Will it cover your hair?"

"There are too many flowers in your wreath," said another. "Give me the scissors and let me cut out some of them."

Harassed with this feminine enthusiasm and this idle chatter, I asked for a moment's respite and flew to my own little chamber. It was almost empty. Nearly everything that belonged to me had been carried away during the day and taken to my future home. The bed alone remained, and against the wall, between its muslin curtains, my basin of holy water. I fell upon my knees, moistened my fingers in the sacred water, then, carrying them to my forehead, murmured, "Lord, protect me."

We set out for the mayor's office, then we proceeded to the church. A fine rain was falling, and the dampness penetrated behind the glass of the carriage windows. I ascended the steps of the cathedral shivering. The harmonious notes of the organ greeted me under the somber arches. Clouds of incense were wafted toward me. The cure, standing under the great crucifix, addressed some remarks to me, my husband placed upon my finger the sacred ring, and all was over.—Providence Journal.

Sense of Touch Wanting.

One has heard of heartless women and women without feeling, but that a human being can exist without any sense of touch seems marvelous, yet this is claimed for Mrs. Evartina Tardo, a young widow in the West Indies. Physicians who have known her case pronounce it a physiological freak. She is said to be wholly without feeling, has swallowed poison, been shot, bitten by rattlesnakes, received a puncture in her heart from a doctor's lance and had her neck dislocated, all without experiencing any pain. Besides these experiments, she can without injury drink benzine and light the gas at a hollow needle which pierces her cheek. This strange assertion is backed by the word of physicians of repute. As a child she was bitten by a cobra, and it is claimed that her sensory nerves were paralyzed and her system innoculated with poison.—New York Tribune.

A Royal Relic.

At the recent German military maneuvers Emperor William on one occasion was smoking a cigarette when he saw approaching the carriage containing the empress of Austria and the queen of Italy. He at once threw away his cigarette and galloped off to meet them. Like a horde of savages the crowd of spectators threw themselves upon the precious cigarette stump, fighting for its possession. After a Homeric struggle a worthy peasant secured it. Several Englishmen surrounded him, and he finally yielded up the imperial cigarette, covered with mud, for several pieces of good gold.

Disconcerting.

"It may interest you, children," said the returned missionary, who was addressing the Sunday school, "if I tell you of an adventure I had once in India. While going through a jungle I came face to face with a lion. There was no chance to retreat, and I had nothing to defend myself with. I stood perfectly still and looked the fierce beast steadily in the eye."

"Which eye?" asked a breathless little boy in the infant class.—Chicago Tribune.

Mrs. S.—We'll pay her with this.—N. Y. Weekly.

"I'm in eternal disgrace at the Slaters'."

Young Physician—The symptoms indicate either inflammation of the brain or appendicitis. I shall treat him for both, in order to be sure.—Chicago Tribune.

Refinement of Torture.

Smith—In the days of the inquisition they used to torture people by keeping them awake until they became mad, prodding them with swords and sharp sticks.

Mr. Newfather—Why didn't they put a baby in the room?—N. Y. Journal.

Sequence.

"Your daughter doesn't take much after her mother."

"No," the old man mused. "Whichever of them gets the first whack at me takes substantially everything."—N. Y. Journal.

Parental Strategy.

Slimson—Some one gave my boy a drum for a birthday present, but it turned out all right.

Twickenham—How so?

Slimson—I gave him a pocketknife.—Tit-Bits.

A Practical Hint.

"I'm thinking of writing a new story," said the rich contributor. "Anything to suggest?"

"Yes," curtly answered the editor, "hire an assistant." — Detroit Free Press.

Thankful for Loss.

Sweet Sixteen—I wonder if my face will change, too, when I am your age?

Thirty-six—Undoubtedly, dear, and you ought to be thankful for the loss of a portion of your cheek.—Chicago News.

Too Expensive.

Smith—Doctor, the appendictis epidemic seems to have subsided somewhat during the last two years. To what do you ascribe the cause?

Dr. Kill von Kill—To the hard times.—Puck.

Continuous Movement.

"She is a woman who always speaks her mind."

"Yes, and she changes her mind so often that she is kept constantly talking."—N. Y. Truth.

Just Like Dice.

Edith—Why don't you get rid of Teddy, if you don't like him?

Gladys—Well, you know, dear, some men are like dice—easily rattled, but hard to shake.—Town Topics.

Strictly Business Transaction.

First Heiress—Who presented the count to you?

Second Heiress—No one; I bought him.—Chicago News.

His Mamma—Yes, darling; right straight down.

Little Teddie—I guess he must 'a' lit on his feet and that's what makes him so bowlegged, then.—Cleveland Leader.

Making the Best of It.

Mr. Crusty (from above)—Eugenie, tell that young man that it's 11 o'clock.

The Young Man (gratefully)—Now that's what I call real nice in your father. The last car leaves at one. Do you think he'd mind keeping an eye out for it?—N. Y. Journal.

Hard Luck.

"I had awful hard luck," said the forger to his companion in Sing Sing. "I spent a month getting the signature of a reputed millionaire down fine, and just when I had his check ready the darn fool went into bankruptcy."—Harlem Life.

How to Talk.

Young Politician—Through what means do you think I can best lay my views before the people in educating them to my theories?

Old-Timer—What's the matter with your hat?—Detroit Free Press.

"The World's Best"

Common Sense

Says that it is true economy to buy the best. The "Garland" trade mark upon a stove is positive proof that it is the very best that can be made for the price asked. 144 styles and 700 sizes of "Garland" stoves, but only one grade. Unlike other makes on the market that have from twelve to fifteen different grades all under one name. The name "Garland" covers but one grade, one quality--and that the best. The person without the slightest of stove knowledge, the person who doesn't know the difference between an oil stove and a cook stove, but who wishes to buy the best stove, can buy the "Garland" with perfect safety. There is no better stove made, and, best of all, they are every one the same.
